REPORT OF SCHOOL BOARD

We herewith submit an annual report of the School Board. Opening our Fall Term we were pleased to retain on the staff, Miss Margaret Pickering and Mrs. Marion Kenison who have charge of grades one to six. Miss Lidstone resigned and we employed Miss Dorothy E. Rokes of North Andover, Mass., to take charge of grades seven and eight and has carried on her work very successfully.

Mrs. Mary Poore has charge of music, Mrs. Poore's long experience with us proves valuable inasmuch as her knowledge of the scholars' ability for music can be observed from the first grade to the eighth.

Mrs. Eloise Sheehy has charge of health supervision, as in previous years has carred it out efficiently.

We were pleased to be in the group of twenty-one members of the Supervisory Union who voted unanimously for Mr. Roy W. Gillmore for Superintendent. His record for the past ten years speaks for itself. During the past year Mr. Gillmore has made several special visits in ironing out difficulties we have contended with.

On September 15th we received with regret the resignation of Mrs. Helen Coleman, a member of our Board, believing it to be the best for Mrs. Coleman's health we accepted the same and appointed Mrs. Edith Knox for the remainder of the term.

We thank all citizens who gave their services to take safety measures to protect the scholars in event of an attack during the present war.

The Parent-Teachers Ass'n. has proved to be an active group who are working hand in hand with the teachers to obtain the best results for the general welfare of the school and scholars.

The School Board wishes to extend their thanks for the support the citizens have given, and are always glad to

receive suggestions and we hope citizens will not fail to visit school and see to it that their children attend the sessions when possible.

Respectfully submitted,

MARION R. SPINNEY,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Newington:

I herewith present to you my twelfth annual report as Superintendent of your schools.

The current school year opened on September 3, 1941 with enrollment of 89. Thirty-five in the primary room, thirty-two in the middle grades room and twenty-two in the two upper grades.

Newington has been fortunate in retaining the services of Miss Margaret Pickering and Mrs. Marion Kenison in its school. Our room enrollment is heavy and only skillful and experienced teachers could accomplish the satisfactory results that Newington teachers are securing.

Grades seven and eight are under the guidance of Miss Dorothy Rokes. Miss Rokes is a graduate of Boston University, trained especially for educational work. She is proving the value of her training in her daily contacts with her pupils. I believe our children will enter higher schools well prepared for their work.

Accurate reports of the work done by our graduates in Portsmouth High School are received in the School Office in Hampton. The group of Newington pupils attending the ninth grade is doing well. In fact, every pupil in the Junior High is attaining passing rank, according to the first two reports received.

Mrs. Sheehy, our school nurse, has accomplished much for us. The war situation, in which we are today, has brought forcefully to the public the urgent necessity of guarding physical health as well as mental. The work of the school nurse is becoming more important day by day. I believe the times demand greater care of school children. I am recommending to you, as a board, the employment of a school physician to give thorough physical examinations to each of our pupils at least twice during their eight

years in our schools. Eighty-one school districts in New Hampshire now employ a physician. This insures professional diagnosis which is supplemented by the continuing program of the school nurse. Five of the seven districts in this Union have such a program.

Newington is doing an outstanding piece of work in its preparations for defense of its school children. Very few indeed are the districts that are so well protected. School air raid drills are frequently held so that in case of actual raid there need be less confusion. This careful preparation will pay dividends, should need arise.

It is a pleasure to report that the toilet situation in Newington is much improved. The installing of new units has made for cleanliness and health. With the new drinking fountain we have taken another step toward good health conditions for our children. It is interesting to note that the June State Aid adjustment paid for a great part of this improvement.

Newington appreciates the faithful service of Mrs. Mary E. Poore. She understands music and the benefits derived from its study. Her enthusiasm for her work is carried directly to the children.

It is of interest to note the decided increase in State Aid received by Newington during the current year as well as the figure for next year. Previous to the 1941-1942 year the amount received was around five hundred dollars. When the third teacher was employed the state recognized the necessity for this. For this reason a special advanced adjustment of $360. was paid your treasurer on July 11, 1941. December 1941 a check for $1,449.94 was received. We have had just been allotted our aid for December 1942. This will be for $1,525.55.

The American Legion Posts of the third New Hampshire District together with their Auxiliaries, purchased an Audiometer and presented to the State Board of Education for use in the schools of the third district. This machine is the best known method of accurately measuring

the degree of "loss of hearing," for each individual. When the amount of hearing loss is known the teacher can arrange the work to the best possible advantage of the pupil. This knowledge is of great value, eliminating unnecessary hardship and possible failure. Our thanks for this valuable contribution is rendered the Legion Posts.

In times of emergency a good Parent-Teacher Association is a necessity for a successful school. Newington has such an organization. Its membership is interested and active. Its work for the school is very evident. Its meetings are interesting and instructive. I wish to congratulate officers and members.

I wish to thank you, as a board, for valuable help received by me in the duties of my office.

Respectfully submitted,

ROY W. GILLMORE,
Superintendent of Schools.

February 9, 1942

THE ANNUAL REPORT OF THE SCHOOL NURSE

There were 105 children examined with 74 more or less serious conditions found. Of these 40 were definitely corrected during the year through the cooperation of parents and their physicians or clinics. The Dental Clinic was held as usual, 24 children receiving treatment. 16 children received dental care from their family dentist. There are still 24 serious dental defects that should be cared for at an early convenience. The Audiometer, which was given to be used in the school for testing hearing in this part of the state by the American Legion and Auxiliaries was used in the school. 65 children were tested and 4 children were found to have a loss of hearing. All children are vaccinated and fifty-two have had the diphtheria antitoxin.

I wish to take this opportunity to thank our Superintendent, Mr. Gillmore, the School Board, teachers and parents for their splendid cooperation and help with my work.

Respectfully submitted,
ELOISE B. SHEEHY, R. N.
